

**CERTIFICATE OF
CALIFORNIA DEPARTMENT OF TRANSPORTATION**

The undersigned hereby certifies and agrees on behalf of the State of California Department of Transportation ("CalTrans") as follows:

1. I am duly authorized to make the following certifications and agreements on behalf of CalTrans.
2. I am familiar with the issuance by the State of California (the "State") of its Highway Safety, Traffic Reduction, Air Quality and Port Security Bonds, Series 2009C (the "Bonds") and the projects listed in the attached Schedule A (the Projects") to be financed with the proceeds of the Bonds. Pursuant to the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006, approved by the voters of the State as Proposition 1B on November 7, 2006 (the "Bond Act"), CalTrans is the agency that disburses proceeds of the sale of the Bonds.
3. No further appropriation or other act of the State Legislature, the California Transportation Commission, the State Department of Finance, the Treasurer of the State of California or any body or agency other than CalTrans is required for the expenditure of the proceeds of the Bonds on the Projects. Each of the Projects is a proper expenditure under the Bond Act.
4. Based upon CalTrans estimates, the proceeds of the Bonds are reasonably expected to be sufficient to complete the construction of the awarded Projects.
5. All of the Bond proceeds will be expended for the construction of the awarded Projects, excluding amounts expended on costs of bond issuance or administration as permitted by the Bond Act.

6. If Bond proceeds remain after completion of the Projects, such proceeds will be expended for other projects qualified under the Bond Act and located in the same geographic region as the Projects.
