

# DISTRICT 8 PROJECT FACT SHEET

November 23, 2009

EA: **34090**

## PROJECT DESCRIPTION & SCOPE

This project, in the City of Fontana, includes the construction of an interchange at Interstate 10 (I-10) and Alder Avenue, and the construction of Alder Avenue from Slover Avenue to Valley Boulevard.

## NEED & PURPOSE OF PROJECT

The adjacent interchanges were constructed in 1954 and have subsequently become deficient in addressing increased traffic volumes. The service levels of the interchanges in this corridor range between "E" and "F", causing 20 to 30 minute delays, as well as, queuing at the freeway entrances, exit ramps, and local arterials. This project will provide an additional access route to I-10, which will reduce congestion at the adjacent interchanges.

## COMMENTS & ISSUES

**Environmental:** An Initial Study/Mitigated Negative Declaration (IS/MND) is anticipated.

**Design:**

**Right of Way:**

**Construction/Traffic:**

**Misc:**

## STAKEHOLDERS

California Department of Transportation (Caltrans), City of Fontana, Federal Highway Administration (FHWA)  
Lead Agency: City of Fontana
