STATE REMARKS

06/08/2011 06/08/11: Seq 1 - request authorization of 684,378 of HY10 and \$2,915,222 of LY10 funds for CON. CENG was not requested and is not authorized. This is not a high profile project. Due to major adjustments to railroad facilities, this project has been coded as subject to full FHWA Oversight (non-NHS). The City is also required to comply with 23 CFR Part 646 Railroads. These HPP funds are from SAFETEA-LU, Demo Id 469, Leg Proj No 1558 and the legislated project description is 'Install new grade separation at Rancho Road in Hesperia.' This project, HPLUL-5452(010), is related to NCPDL03-5452(009); however, these HPP funds had to be authorized under a different FPN due to the system not being able to handle multiple demo id's under one FPN. Except for federal fund types/amounts, please see State comments made under NCPDL03-5452(009) as they also apply here.

Supplemental documentation provided to FHWA as part of this Seq 1 E-76 are agency FL dated 6/7/11 and Engineer's Estimate dated 5/25/11 (identical to the one for (009) except for fpn) & FSTIP Sheet. For remaining documentation, please see documentation provided under NCPDL03-5452(009) wrt NEPA FONSI & Revalidation, R/W Cert #2, railroad bridge General Plan, executed City/Railroad Agreement, & PS&E Checklist. AS

05/17/2011 Funded by HY10 \$684,378 and LY10 \$2,915,222.
