

- San Bernardino County Transportation Commission ■ San Bernardino County Transportation Authority
- San Bernardino County Congestion Management Agency ■ Service Authority for Freeway Emergencies

*Minute Action*

AGENDA ITEM: 16

**Date:** August 3, 2011

**Subject:** Interstate 10 (I-10) / Citrus Avenue Interchange Project

- Recommendations:**\*
1. Approve the Interstate 10 (I-10) / Citrus Avenue Interchange Project Plans, Specifications, and Estimates (PS&E) package; and
  2. Authorize the Director of Project Delivery to release Invitation for Bids No. C12036 to obtain construction bids for the Interstate 10 (I-10) / Citrus Avenue Interchange Project.

**Background:** Approval of the recommendations will allow the advertisement for construction bids for the I-10/Citrus Avenue interchange project upon receiving authorization to utilize federal funds from the Federal Highway Administration (FHWA). The FHWA approval should be received shortly.

In February, 2008 the Board of Directors initially approved Contract No. C08050 with T.Y. Lin International for Design Engineering Services for the I-10/Citrus Avenue Interchange. The engineering design and right of way acquisition phase is complete, allowing construction of the interchange to commence in the coming months. Also, the contract with the construction management firm for the project has been entered into.

Copies of the PS&E package and draft Invitation For Bids are available for review at the SANBAG front desk during normal business hours.
